Attn: Clerk of the Court
Supreme Court of Texas

Please be advised, the State Bar has refused to accept my “Pro Se” complaint of prosecutorial misconduct against the District Attorney, the Court Judge, and the City Attorney.

Each day, their continuing refusal violates the “Elder Justice Act” and this is a request to recognize that violation.

Since the State Bar has failed to act on my petition to date, the continuing harm can only be remedied through timely consideration by the Court at its earliest convenience. Please be advised, time is of the essence.

Respectfully submitted,

Denis M. Hanley
